

**SABINE STORAGE & OPERATIONS, INC  
NOTICE OF INTENT  
OFFICE OF CONSERVATION  
INJECTION AND MINING**

In accordance with the laws of the State of Louisiana and the particular reference to the provisions of La R.S. 30:4, and the provisions of Statewide Order No. 29-N-1 (LAC 43:XVII, Subpart 1) as amended and adopted by the Office of Conservation of the State of Louisiana

Company Name: Dow Hydrocarbons Resources, Inc.  
Address: 875 Highway 70 S  
City, State, Zip: Belle Rose, 70314  
Phone: (225)-353-8116

Will be applying to the Office of Conservation, Injection and Mining Division for a permit to solution-mine salt in the Napoleonville salt dome.

The brine generated from solution mining will be used to support Dow's continued operations in their Louisiana Division.

The proposed well and salt cavern will be in Section 45, Township 12S, Range 13E, Assumption Parish, Louisiana and will be identified as the Dow Well No. 23. The well is to located in the southeast quadrant of the dome and will be located over 800 feet from the edge of the salt.

The well will be drilled to a depth of 4500 feet. The top of solution mined cavern is proposed to be at 2350 feet with its base at 4475 feet.

Once submitted, the application will be available for inspection from 8:00am to 4:15 pm, Monday through Friday in the Injection and Mining Division Office, Rm. 817, LaSalle Building, 617 North Third Street, Baton Rouge, La.

Interested parties may request to receive notice when the application is submitted, be included on the public notice or public hearing mailing list, or for other public participation related questions by contacting the Injection and Mining Division by calling 225-342-5515, by fax 225-242-3441, by e-mail to [injection-mining@la.gov](mailto:injection-mining@la.gov) or by mail to:

Office of Conservation  
Injection and Mining Division  
PO Box 94275  
Baton Rouge, LA 70804-9275

When corresponding, please reference the name of the applicant, the well name and number, the well serial number if available, and the salt dome name.
